

Sprint PHS300 Personal Hotspot

Mobile Broadband – To Go

Ultra Portable

The Sprint PHS300 creates a secure Wi-Fi hotspot when connecting to a Sprint Mobile Broadband phone or USB modem. Enjoy the convenience of Wi-Fi without having to search around for a hotspot.

Secure

Built-in firewall and WPA encryption lets you or your group work securely while protecting your bandwidth. The PHS300 meets strict IT standards for Wi-Fi security.

Simple

The PHS300 provides the easiest way to connect to the Internet while on the road—just plug in phone or modem and you're on line! Plus, you can share that connection with friends and colleagues.

Features

- Fully portable Wi-Fi hotspot
- Share your Sprint Mobile Broadband connection
- Works with Sprint's Phone-as-Modem handsets or USB modems
- Built-in Lithium Ion battery gives you hours of Wi-Fi virtually anywhere
- Great for Windows, Mac, Linux laptops and any Wi-Fi-capable PDA or MP3 player
- Secure, robust, and reliable 802.11 b/g router platform
- USV 'A' port powers cellular USB modems and can even charge phone
- Powered by WiPipe™ technology

Functional Details

- Wireless networking compliant with IEEE 802.11 b/g standards
- 3G device support for networks that support Sprint Mobile Broadband USB modems
- Firewall features Network Address Translation (NAT), and Stateful Packet Inspection (SPI) protects against DoS attacks
- Access control to prevent unauthorized usage
- UPnP (Universal Plug & Play) and ALGs support for Internet applications such as Email, FTP, Gaming, Remote Desktop, Net Meeting, Telnet, and more
- Provides additional security of Enable/Disable SSID, Internet Access Control (Services, URL and MAC Filtering)
- Supports multiple and concurrent IPSec, L2TP and PPTP VPN pass-through sessions
- Flash memory for firmware upgrade, save/restore settings
- Easy management via Web browser (HTTP) and remote management
- Supports 64/128-bit WEP (11b/g), WPA/WPA2, and WPA-PSK/WPA2-PSK
- Compliant with Windows 98SE/NT/2000/XP/2003 Server, Linux and Mac OS
- Supports (4) simultaneous clients when connected to a USB modem, or (2) simultaneous clients when connected to a handset with active P-A-M service

Specifications

Sprint Part Number:	MNX7470V
Mfg Part Number:	PHS300S
WiFi Standards:	IEEE 802.11b/g
USB Connection:	Requires activated Sprint USB modem or Sprint handset with Phone-As-Modem service
Buttons / Switches:	On/Off; Reset button (located in battery compartment)
LED Indicators:	WLAN Network Connection Power
Dimensions:	4.7" x 2.8" x 0.8 (122 mm x 73 mm x 18.5 mm)
Weight:	4.0 oz. without battery
Certifications:	FCC
Operating Temp:	0 C to 50 C
Battery:	3.6V, 1800 mAH Lithium Ion
AC Adapter:	Input: 100-240V, 50-60 Hz, 0.5A; Output 5V, 2.5A
